

Raymond & Beverly Sackler  
Faculty of Exact Sciences  
School of Mathematical Sciences  
Tel Aviv University

COLTON  
FOUNDATION

JUNE 21-25, 2021

# VI International Conference on Finite Dimensional Integrable Systems in Geometry and Mathematical Physics

ORGANIZED IN PARTNERSHIP WITH THE CLAY MATHEMATICS INSTITUTE

SUPPORTED BY THE EUROPEAN RESEARCH COUNCIL, THE ISRAEL SCIENCE FOUNDATION,  
MATHEMATICS INSTITUTE @ TEL AVIV, AND COLTON FOUNDATION

## Invited Speakers

Alberto Abbondandolo (Ruhr-Universität Bochum)

Marie-Claude Arnaud (Institut Universitaire de France)

Alexey Bolsinov (University of Loughborough)

Alessandra Celletti (University of Roma Tor Vergata)

Allan Fordy (University of Leeds)

Michael Gekhtman (University of Notre Dame)

Alexey Glutsyuk (Ecole Normale Supérieure de Lyon)

Ivan Izmistiev (Vienna University of Technology)

Anton Izosimov (University of Arizona)

Vadim Kaloshin (University of Maryland)

Yael Karshon (University of Toronto)

Richard Kenyon (Yale University)

Andreas Knauf (University of Erlangen)

Eva Miranda (Universitat Politècnica de Catalunya)

Andrey Mironov (Novosibirsk State University)

Michael Shapiro (Michigan State University)

Alfonso Sorrentino (University of Roma Tor Vergata)

Alexander Veselov (University of Loughborough)

Xiang Zhang (Shanghai Jiaotong University)

## Scientific Organizers

Shiri Artstein-Avidan (Tel Aviv U.), Misha Bialy (Tel Aviv U.), Lev Buhovski (Tel Aviv U.),

Vladimir Matveev (U. Jena), Yaron Ostrover (Tel Aviv U.), and Sergei Tabachnikov (Penn State U.)
